

Kameron F. Bonner

PARTNER

Kameron Bonner is a partner at Fishman Stewart. His practice includes all aspects of intellectual property law, including procuring and enforcing patent and trademark rights. Combining his affinity for problem solving with his interest in the innovative aspects of technology and science, Kameron's patent practice covers a wide range of technical fields, including mechanical, electrical, software, and designs.

Kameron's practice covers patent enforcement, patent opinions, and intellectual property litigation. While primarily focusing on patent procurement and enforcement, he also has a broad trademark client base and experience with internet take-down actions for trademark and copyright infringement.

Overview

Kameron's patent practice includes prosecuting and maintaining domestic and foreign patents. He has a broad client base but particular specialism in electric control units and processors, software, datacenters, battery cell technology, electrical power converters, gas turbine engines, vehicle powertrain, medical composite structure, mechanical equipment, and electrical and thermal sensors.

Kameron is registered to practice before the United States Patent and Trademark Office (USPTO). He has been admitted to practice in the U.S. district courts for the Eastern District of Michigan and has served as counsel pro hac vice in California, Texas, and Georgia.

At Wayne State University Law School, Kameron received the Gold Key Award for exemplary academic achievement and the William Davidson Endowed Scholarship, awarded to a law school student who participated in NCAA intercollegiate sanctioned sports. He was on the Wayne Law Review for two years, the second year of which he served as a Senior Articles Editor. Kameron won First Place in the 2012 Michigan Innovation and IP Legal Writing Competition and is the author of the article *Bridging the Gap Between Invention and Innovation: The Bayh-Dole Act and Human Embryonic Stem Cell Research* (IPLS Proceedings, Volume 24, Issue 2, 2013). Upon graduation, Kameron was elected to the Order of the Coif.

Kameron received a Bachelor of Science degree from the University of Dayton where he also played football for the Flyers. While at Dayton, Kameron worked with the Chemistry Department where he created and maintained chemical compositions used by the University's laboratory classes.
